DATA SHEET

1,000 V DIAGONAL CUTTERS VDE TESTED, INSERTED JOINT, 160 MM

Article number: 100574

VDE-tested side cutter safety pliers with 1,000 V protective insulation. The pliers in the Diamant Plus series comply with the current IEC900, IEC 60 900 and VDE 0682/Part 201 standards. These strict safety guidelines stipulate 10 different quality tests for the insulation protection of the pliers. In addition to the type test, the independent VDE test center also carries out regular checks on production and storage. The pliers are tested for breakdown and flashover in a water bath at a test voltage of 10,000 V AC. This guarantees unit-tested safety. Optimized lever ratios, ease of movement and hand-friendly handle design, which enable effortless and ergonomic work for the hand, made from the most suitable high-alloy tool steels, fully oil-hardened, all cutting edges additionally induction-hardened. High-gloss polished and chrome-plated surfaces. 160 mm (6")

Length (mm)	165 mm
Width (mm)	45 mm
Height (mm)	27 mm
Weight (kg)	0,18 kg

Attribute	Value
Shape	Standard
Long	160 mm
head width	27 mm
Head height	5 mm
Insulated	Yes
Protective insulation 1000 V	Yes
ESD tested	No
Surface protection	lackiert
surface treatment	sandgestrahlt
handle cover	Kunststoffgriffe
VDE-tested	Yes
With stripping function	No
cutting length	9.5 mm

GTIN: 4021103005743
